

Media Screen

Product Information

Design style case in sizes up to 5m widths.

Custom dimensions with or without black borders available upon request.

TECHNICAL CHARACTERISTICS

- Case profile 15 x 27 cm.
 - Anodized aluminum extruded case.
- Wall or ceiling mount using the two furnished laterally adjustable mounting brackets.
- Matte White is a vinyl projection screen surface. Matte White surfaces are seamed but these seams are not visible under projection.

Also available in Matte White Sound (perforated) or Retrotex (rear projection). Seams may be slightly visible with Retrotex under projection.

- Custom dimensions with or without black borders available upon request.

Tubular motor with automatic thermal overload cut-off and electric brake to prevent coasting. Furnished with 10 m long motor cable, audience side left.

- Limit switches are factory set and the Media Screen includes a three position wall switch.
- Crating and shipping cost available upon request.
